Compliance Statement for the restriction of lead, mercury, cadmium and hexavalent chromium PBB, PBDE, including Octa-BDE, Penta-BDE, Deca –BDE, in electronic equipment and use of PFOA and PFOS in metal plating processes.

Reference:

1. Directive 2002/95/EC of the European Parliament and of the Council of January 27 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.
2. Directive 2003/11/EC which amends Council Directive 76/769/EC to include pentabromodiphenyl ether and octabromodiphenyl ether.
3. Directive 2005/618/EC Commission decision of 18 August 2005 amending Directive 2002/95/EC. Establishes threshold limits for Lead, Mercury, Cadmium, Hexavalent Chromium, PBB, and PBDE.
4. Judgment of the Court (Grand Chamber) 1 April 2008, Directive 2002/95/EC-Electrical and electronic equipment – Decabromodiphenyl ether (Deca-BDE) Actions for annulment of exemption.
5. EU Directive 2006/122/EC of the European Parliament and of the Council of 12 December 2006, amending Council Directive 76/769/EEC on the restriction of Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfanates (PFOS) used during metal plating processes.

In reference to the directives described above, Mill-Max Mfg. Corp. declares that lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls, polybrominated diphenyl ethers, including pentabromodiphenyl ether, octabromodiphenyl ether, decabromodiphenyl ether, Perfluorooctanoic Acid, and Perfluorooctane Sulfanates are not intentionally added to the raw material used for; copper alloy screw machine products, contact clips, springs, insulators, or plating that includes; copper, nickel, gold, and pure tin, except where described and allowed under item 6 of the annex; Applications where lead mercury, cadmium, and hexavalent chromium, which are exempted from the requirements of Article 4 (1) of reference 1, which allows up to 4% Pb in copper alloys.

To the best of our knowledge, our raw material suppliers do not use these restricted substances to manufacture their products and Mill-Max does not intentionally add these restricted substances to its products during processing. This statement is based on information provided by the suppliers of the raw materials described herein, and covers all products you purchase from Mill-Max that are described as RoHS compliant. Please note that Mill-Max and its suppliers do not analyze its products for substances not purposely added. Trace amounts of any chemical and substance may be found as impurities in any product. Mill-Max will make all reasonable attempts to notify customers of changes to raw materials or processes that may cause a product to be non-compliant. Conditions and requirements of use are outside Mill-Max 's control and therefore no warranties, expressed or implied, are made. Mill-Max Mfg. Corp. assumes no liability in connection with any of this information. This certification is subject to change without notice and supersedes any previous issue.

Document Reference No: MM-0706, Rev date: April 4, 2011.
